## ACTIVITY 1 LESSON

Video

[Mini English Lessons S2 E5: How to form questions in English](#)

GRAMMAR 1. Write one question to each answer. Ask for the underlined part.

- a) Who did u go on holidays with .....?  
I went on holiday with my parents.
- b) where is the train st .....?  
The train station is in front of the supermarket.
- c) why haven't you done ur hw .....?  
I haven't done my homework because I wasn't feeling well.
- d) when is ur comp going to .....?  
My company is going to develop a new system next year.
- e) what would you like to .....?  
I would like to study medicine in the future.
- f) Do you really like watching .....?  
Yes, I really like watching comedies.

What do we think of the Future  
 What do we do in our free time

2. Work in pairs. Ask each other questions connected with given topics.

FUTURE      FREE TIME      SHOPPING      EDUCATION      WORK  
 TECHNOLOGY      ENTERTAINMENT      CHILDHOOD

3. Discuss the questions.

- Can you give some examples of questions children ask?
- Do you know any questions which cannot be answered?

4. Watch a video [[Questions No One Knows the Answers to](#)] and write down three questions the speaker asks.

- What would it feel like to be a dog?
  - Do fish feel pain? Have dreams
  - Was big bang an accident?
  - Is there a god? How do we know if that's a he or a she
- How would you answer these questions?

5. Imagine that you are a parent and your child asks you a lot of difficult questions. Try to answer the following questions. For each question, try to answer with a passive form.

- Why are pizza boxes square when the pizza is round?
- Does the President have to pay taxes?
- Why do donuts have holes?
- Why is the sea salty?
- How does Santa Claus get down the chimney?
- Why is the sky blue?
- How big is the world?
- Where does water come from?
- Why is the sea salty?
- How do birds fly?
- What is time?
- What makes thunder?
- What are black holes?

6. Create unusual / difficult questions about science / technology  
 How would you answer them?
